ADVANTAGE NETWORK PLANS

This supplement to the VSP Manual provides information about coverage available to VSP members through the Advantage Network.

ENROLLMENT/DOCTOR PARTICIPATION

Only participating Advantage Network doctors can provide services to VSP members with a plan that uses the Advantage Network.

Participating doctors must:

- Maintain an active status with the VSP Network.
- Agree that all VSP doctors within their practice, including all offices, will see Advantage Network patients.
- Provide VSP with written notice 90 days prior to the termination date if the practice discontinues participation in the Advantage Network.
- Agree that if the owner doctor terminates from the Advantage Network, then all doctors associated with the practice will be terminated from the Advantage Network.

ELIGIBILITY & AUTHORIZATION

Copays

We'll indicate copays when you obtain authorization.

Note: Don't waive copays.

Coordination of Benefits (COB)

With the exception of the secondary allowances, the VSP Advantage Plan and VSP Essentials Plan COB guidelines are the same as the VSP Signature Plan. For additional information, see [Coordination of Benefits](#) in the VSP Manual.

The following table shows you how to use the secondary plan to coordinate benefits based on your network participation.

EXAM COVERAGE

Covered comprehensive eye exams are generally available to patients once every 12 or 24 months on a service, fiscal, or calendar year basis. Provide the level of exam necessary to determine your patient's eye health and visual status.

Eye exams are reimbursed at 80% of your U&C fee, up to the maximum amount shown on the Advantage Network Fee Schedule, less any exam copay. Don't balance bill for exams. View the **Advantage Network Fee Schedule** on VSPOnline by selecting **Administration** and **Practice/Doctor Updates** from the menu, then clicking the **View or Update Fees** link.

Note: Refractions are included in your exam fees.

MATERIALS COVERAGE – VSP ADVANTAGE PLAN

Coverage typically includes necessary prescription lenses and a frame up to a client-specified retail allowance, or an allowance toward contact lenses. Please review the patient's coverage before providing materials.

Patients are also eligible for benefits on additional materials (see [Value Added Benefits](#) below).

Lenses

Spectacle lens coverage under the VSP Advantage Plan is designed to provide necessary lenses covered in full. Your base lens payment includes your reimbursement for the following:

- Single vision, bifocal, trifocal, or lenticular lenses in plastic or glass
- Eye size up to and including 60mm
- Polycarbonate lenses for dependent children, monocular patients, and handicapped patients
- Lined multifocal lenses in all segment widths, including occupational lenses. See the [Dispensing & Lens Enhancements](#) section of the **VSP Manual** for specific details on occupational lenses
- Prism and slab off
- Base curves (regardless of curve)

Note: We only cover lenses that meet the minimum prescription criteria, unless your patient is eligible for plano lenses.

Here's our minimum prescription criteria:

The combined power in any meridian is ± 0.50 diopters or greater in at least one eye or one of the following exceptions occurs:

- Necessary prism of 0.50 diopters or greater in at least one eye.
 - Anisometropia is 0.50 diopters or greater.
 - Cylinder power is ± 0.50 diopters or greater.
-

OTHER LENS ENHANCEMENTS

If your patient selects a lens enhancement that is covered with copay, collect the lens enhancement copay directly from the patient. You'll be charged back for those lens enhancements.

Covered with Additional Copay

For lens enhancements that are covered with additional copay, charge the patient the patient copay listed in the [VSP Advantage Network Lens Enhancements Chart](#) or 80% of your U&C fees, whichever is lower.

Covered with Additional Copay, 80% U&C

For lens enhancements not listed on the [VSP Advantage Network Lens Enhancements Chart](#), charge 80% of your U&C fees.

Patient Charges

The following examples illustrate how to calculate “add-on” fees based on your total prices for a specific lens enhancement:

Your U&C fee for UNITY PLx Trivex (mid-index) is:	\$260
Subtract your U&C fee for UNITY PLx in plastic:	-\$200
Your U&C add-on fee is:	\$60
Deduct 20%:	-\$12
80% of your U&C add-on fee:	\$48
Add the VSP Advantage Plan patient fee for Progressive F – Plastic (FA):	\$105
Patient pays:	\$153
Your U&C fee for near variable focus plastic is:	\$180
Subtract your U&C fee for bifocals (FT28):	-\$130
Your U&C add-on fee is:	\$50
Deduct 20%:	-\$10
Patient pays:	\$40

COVERED LENS ENHANCEMENTS

If your patient chooses a covered lens enhancement, you’ll receive the VSP Advantage Plan covered service fee. We won’t apply a charge back.

FLEXIBLE LENS ENHANCEMENTS

To offer more customized coverage to clients and members, we’ve developed several flexible lens enhancement programs that allow partial coverage for the most popular VSP lens enhancements, including anti-reflective (AR) coatings, photochromics, and progressives. Always refer to the Patient Record Report and Lens Enhancements Charges Report for complete information on lens enhancement coverage. The [VSP Flexible Lens Enhancements Coverage Tip Sheet](#) provides more information and helps you calculate patients’ out-of-pocket expenses.

Frames

Note: We’ll only cover frames when the lenses meet the minimum prescription criteria, unless your patient is eligible for plano lenses.

VSP Advantage Plan patients receive a client-defined retail frame allowance. We’ll pay you 55% of the retail price of the frame, up to 55% of the patient’s retail frame allowance. Charge 80% of U&C on the retail frame coverage.

Effective January 1, 2014, most patients with a VSP Advantage Plan will have an extra \$20 on top of their frame allowance when they select Marchon® or Altair® frames. Look for the retail allowances for Marchon/Altair and all other frames indicated on the Patient Record

Report at authorization. You'll be reimbursed up to 55% of the patient's retail frame allowance for the frame brand dispensed.

Bill all frames as "doctor supplied" since we're paying you directly. Your practice is responsible for paying the lab for any lab-supplied frames.

Contact Lenses

ELECTIVE CONTACT LENSES

Many clients provide coverage for contact lenses in lieu of prescription glasses. To qualify, patients must first be eligible for glasses. Refer to the Patient Record Report for the patient's specific type of coverage and contact lens allowances.

Note: Contact lens exam services are also known as the contact lens fitting and evaluation, or F&E. These services are separate from the WellVision Exam and should be dispensed only to patients who wear or want to wear contact lenses and specifically request a contact lens exam.

VSP patients may have the following elective contact lens benefits:

Contact Lens Exam Copay with Materials Allowance – Your patient has a not-to-exceed patient copay toward contact lens exam services (initial fitting and evaluation, or F&E) and a separate allowance for contact lens materials. The patient pays the contact lens exam services (initial fitting and evaluation, or F&E) copay or 85% of your U&C fees, whichever is less. VSP will reimburse the difference between the patient's copay and 85% of your U&C fees. There is no copay for contact lens materials.

Exam And (Combined Contact Lens Allowance) – Your patient has a combined allowance toward contact lens exam services (initial fitting and evaluation, or F&E), calculated at 85% of your U&C fees, and materials. There is no copay for contact lens materials.

Total Allowance – Your patient has a single allowance for the routine eye exam, contact lens exam services (initial fitting and evaluation or F&E), both calculated at 85% of your U&C fees and materials. There is no copay for contact lens materials.

VISUALLY NECESSARY CONTACT LENSES

We'll cover contacts in full (routine eye exam plus initial fitting and evaluation and materials) for patients meeting the established benefit criteria if those patients are eligible for materials on the date of service. Coverage is limited and may require special handling to ensure proper reimbursement. Refer to [Visually Necessary Contact Lenses section](#) in the VSP Manual for more information.

Don't balance bill your patient. Apply exam and material (spectacle lenses and frame) copays for visually necessary contact lenses, unless otherwise specified.

Visually necessary contact lenses aren't typically covered for patients who've received any elective cosmetic surgery, such as LASIK, PRK, or RK.

Note: For Visually Necessary Contact Lenses and Covered Contact Lenses, VSP will only cover an annual supply of materials based on the manufacturer's replacement schedule. No additional contact lens materials may be billed to VSP through additional VSP plans/coverage's the patient may have.

This rule also applies to Elective Contact Lens patients when the allowance exceeds an annual supply of contact lens materials based on the manufacture's replacement schedule.

You may only coordinate benefits up to the annual supply of contact lens materials if plans permit. See [Coordination of Benefits Between Multiple VSP® Plans](#) in the VSP Manual.

Value Added Benefits

The benefits below are considered a private transaction between you and your patient. The patient is fully responsible for the payment of any additional items.

GLASSES

Charge 80% of U&C on eligible additional pairs of glasses, including plano sunglasses, if dispensed within 12 months of the exam. The benefit:

- is based on your total U&C fee;
- is unlimited for 12 months on or following the date of the last covered eye exam;
- is available through any VSP doctor. Use professional judgment when evaluating prescriptions from another provider. You may request an additional exam at a 80% of U&C;
- applies to prescription and non-prescription lenses;
- doesn't apply to cleaning products or repairs of prescription lenses or frames.

Note: If a patient has coverage for lenses every 12 months and a frame every 24 months, charge 80% of U&C for the frame in the year when the patient is eligible for lenses but not for frame.

CONTACT LENSES

Charge 85% of U&C on contact lens exam services (fitting and evaluation). This benefit:

- is subtracted from your U&C fee for evaluation, fitting, and follow-up services for prescription contact lenses;
- is unlimited for 12 months on or following the date of the covered eye exam;
- is available through any VSP doctor. Use professional judgment when evaluating prescriptions from another provider. You may request an additional exam at 80% of U&C;
- doesn't apply to lenses, solution, cleaning products, and service agreements.

RETINAL SCREENING VALUE ADDED FEATURE

- Patients are eligible for routine retinal screening as a value added feature to complement their WellVision Exam® benefit.
- Please see the Retinal Screening section of the **VSP Manual** for more information.

VSP LASER VISIONCARESM PROGRAM

Members receive a complimentary screening as well as preoperative and postoperative services through participating VSP doctors.

The program includes access to either Photorefractive Keratectomy (PRK) or Laser In-Situ Keratomileusis (LASIK) at a reduced cost, up to a maximum fee to the patient of \$1,500 per

eye for PRK, \$1,800 per eye for LASIK, and \$2,300 per eye for Custom LASIK with wavefront technology using the microkeratome only or Bladeless LASIK.

If the laser center is offering a temporary price reduction, VSP members will receive 5% off the advertised price if it is less than the usual discount price.

Please visit **VSPOnline** and reference the **Laser VisionCare ProgramSM** page under **Plans & Coverages** for information on how to participate and a list of participating facilities.

Supplemental Plans

The VSP Advantage Plan may also be sold with the following supplemental plans:

ADVANTAGE COMPUTER VISIONCARESM PLAN

Note: If your patient chooses a covered lens enhancement, there's no charge. If your patient selects any other lens enhancements charge the patient according to the VSP Advantage Plan Lens Enhancements Chart or your U&C fees, whichever is lower. You may charge 80% of your U&C fees for lens enhancements not listed on the VSP Advantage Plan Lens Enhancements Chart. You'll be charged back the VSP Advantage Plan lab fee for those lens enhancements.

See the [VSP Computer VisionCare Plan](#) section of the VSP Manual for more information.

ADVANTAGE ADDITIONAL PAIR

Note: If your patient chooses a covered lens enhancement, there's no charge. If your patient selects any other lens enhancements charge the patient according to the [VSP Advantage Plan Lens Enhancements Chart](#) or your U&C fees, whichever is lower. You may charge 80% of your U&C fees for lens enhancements not listed on the VSP Advantage Plan Lens Enhancements Chart. You'll be charged back the VSP Advantage Plan lab fee for those lens enhancements.

Doctors are paid Advantage fees for the materials dispensing. See Lab instructions for materials dispensed under these supplemental plans.

Reminder: Obtain a separate authorization for these plans and follow the plan information provided on the authorization.

MATERIALS COVERAGE – VSP ESSENTIALS PLAN

Materials coverage matches the VSP Advantage Plan except for lens enhancements, as outlined below.

Lenses

COVERED LENS ENHANCEMENTS

If your patient chooses a covered lens enhancement, you'll receive the [Advantage Network Lens Enhancements Chart](#) covered service fee. We won't apply the charge-back fee.

OTHER LENS ENHANCEMENTS

If your patient selects any other lens enhancement, charge the patient 80% of your U&C fees and collect the lens enhancement cost directly from the patient. You'll be charged back the [Advantage Plan Network charge-back fee](#) for those lens enhancements.

Patient Charges

The following examples illustrate how to calculate "add-on" fees based on your total prices for a specific lens enhancement:

Your U&C fee for progressive is:	\$220
Subtract your U&C fee for bifocals (FT28):	-\$100
Your U&C add-on fee is:	\$120
Deduct 20%:	-\$ 24
Patient pays:	\$ 96
Single vision lens is covered in full.	
Your U&C fee for the AR coating is:	\$ 80
Deduct 20%:	-\$16
Patient pays:	\$ 64

FLEXIBLE LENS ENHANCEMENTS

To offer more customized coverage to clients and members, we've developed several flexible lens enhancement programs that allow partial coverage for the most popular VSP lens enhancements, including anti-reflective (AR) coatings, photochromics, and progressives. Always refer to the online Patient Record Report and Lens Enhancements Charges Report for complete information on lens enhancement coverage. The [VSP Flexible Lens Enhancement Coverage Tip Sheet](#) provides more information and helps you calculate patients' out-of-pocket expenses.

LAB

Refer to the [Using Our Contract Lab System](#) page in the **VSP Manual**.

Submission Instructions

Online eClaim Submission: Submit orders to any contract lab through eClaim. Include all prescription information. You can choose any lab on the VSP National Contract Lab list.

Paper Claims: Submit your orders to any contract lab on the [VSP National Contract Lab list](#).

Lab Information

The Doctor Service Report on Eyefinity will show the selected lab's contact information for each submitted order. The Lab Packing Slip also shows this information.

First-Time Doctor Redos—Lab Finished Lenses

You may need to remake a patient's lenses to meet their needs. Refer to [First-Time Doctor Redos](#) in the VSP Manual for instructions.

Using Non-Contract Labs

You can only use non-contract labs in emergencies. VSP monitors the use of non-contract labs and they may only be used in the situations below.

Examples of emergencies include:

- Loss, theft, or breakage of prescription eyewear when your patient doesn't own an alternate pair and can't wear contact lenses
- Situations where your patient can't function at work or school and doesn't have another pair of glasses or contact lenses
- Patients whose safety and well-being will be jeopardized without the immediate delivery of their prescription eyewear

Emergency situations don't include:

- Instances where faster turn-around time is requested to accommodate trips, vacations, or other discretionary events
- Providing faster service when your patient has another functional pair of glasses or contacts

Important! You must document the emergency that requires the use of Non-Contract Labs. Inappropriate use of Non-Contract Labs will result in the denial of services and materials.

To submit a claim when a non-VSP lab is used, select Non-IDC Lab Invoice (Lab 0100) from the pull-down menu in the Lab Selection box on eClaim or write "Non-IDC Lab Invoice (Lab 0100)" in the Special Instructions area of the Materials Invoice. When submitting an emergency claim, please specify the emergency reason. Selecting an emergency reason is for documentation purposes; not selecting a reason does not remove the emergency requirement.

All Lab invoices must be kept for a minimum of seven (7) years. Failure to keep Lab invoices may result in the denial of services and materials.

Lab invoices from an outside private lab must include the following:

- Patient name
- Date ordered/date completed
- Rx
- Lens enhancements
- Style and frame type, including make and model

You'll be responsible for the entire cost of the lab bill and should pay the lab on a private-transaction basis. Don't charge the patient for covered lens enhancements, you won't receive a service fee for covered lens enhancements. For all other lens enhancements, charge the patient according to their plan. You won't receive a chargeback for these lens enhancements. VSP will pay you an established fee of \$10.50 for single vision, \$23.50 for bifocal/progressive and \$33.50 for trifocal, in addition to your regular dispensing fees. Use your bifocal lens-dispensing fee for progressives. Charge your patient according to the [VSP Advantage Lens Enhancements Chart](#) or your adjusted U&C fee (whichever is lower). Don't balance-bill the patient.

All emergency orders are subject to review. When a claim is found to be incorrect, payments for material services will be reversed.

Important! Always verify orders upon receipt by checking all lab lens enhancement codes.

Don't balance-bill the patient.

All emergency orders are subject to review. When a claim is found to be incorrect, payments for material services will be reversed.

Important! Always verify orders upon receipt by checking all lab lens enhancement codes.

LAB – OREGON, WASHINGTON

VSPOne Olympia must fabricate covered lenses dispensed to your patients—[unless there's an emergency](#), you're providing a [Doctor In-Office Lens Enhancement](#), or you're using the MarchonDirect service or VSP In-office Finishing Program.

Refer to the [VSP In-Office Finishing Program](#) section in the VSP Manual for information about finishing stock lenses in your office.

Contact VSPOne Olympia at:

8719 Commerce Place Drive NE, Suite D
Lacey, WA 98516
888.352.7502
VSPOne.com

Important! In lieu of using the above optical technology centers, you have additional options to deliver eyewear even faster:

MarchonDirect is a complete eyewear service that helps you save money. You can pair a Marchon frame with UNITY lenses, for ANY patient, and save!

[VSP In-Office Finishing](#) enables you to use your in-office finishing equipment to earn additional revenue and take advantage of great pricing on a wide selection of high-quality stock lenses for both VSP and private-pay patients.

First-Time Doctor Redos—Lab Finished Lenses

You may need to remake a pair of lenses to meet your patient's needs. For lenses finished at VSPOne Olympia, refer to [First-Time Doctor Redos](#) in the VSP Manual for instructions.

Using Non-Contract Labs

You can only use non-contract labs in emergencies. VSP monitors the use of non-contract labs and they may only be used in the situations below.

Examples of emergencies include:

- Loss, theft, or breakage of prescription eyewear when your patient doesn't own an alternate pair and can't wear contact lenses
- Situations where your patient can't function at work or school and doesn't have another pair of glasses or contact lenses
- Patients whose safety and well-being will be jeopardized without the immediate delivery of their prescription eyewear

Emergency situations don't include:

- Instances where faster turn-around time is requested to accommodate trips, vacations, or other discretionary events
- Providing faster service when your patient has another functional pair of glasses or contacts

Important! You must document the emergency that requires the use of Non-Contract Labs. Inappropriate use of Non-Contract Labs will result in the denial of services and materials.

To submit a claim when a non-VSP lab is used, select Non-IDC Lab Invoice (Lab 0100) from the pull-down menu in the Lab Selection box on eClaim or write “Non-IDC Lab Invoice (Lab 0100)” in the Special Instructions area of the Materials Invoice. When submitting an emergency claim, please specify the emergency reason. Selecting an emergency reason is for documentation purposes; not selecting a reason does not remove the emergency requirement.

All Lab invoices must be kept for a minimum of seven (7) years. Failure to keep Lab invoices may result in the denial of services and materials.

Lab invoices from an outside private lab must include the following:

- Patient name
- Date ordered/date completed
- Rx
- Lens enhancements
- Style and frame type, including make and model

You'll be responsible for the entire cost of the lab bill and should pay the lab on a private-transaction basis. Don't charge the patient for covered lens enhancements, you won't receive a service fee for covered lens enhancements. For all other lens enhancements, charge the patient according to their plan. You won't receive a chargeback for these lens enhancements. VSP will pay you an established fee of \$10.50 for single vision, \$23.50 for bifocal/progressive and \$33.50 for trifocal, in addition to your regular dispensing fees. Use your bifocal lens-dispensing fee for progressives. Charge your patient according to the [VSP Advantage Lens Enhancements Chart](#) or your adjusted U&C fee (whichever is lower). Don't balance-bill the patient.

All emergency orders are subject to review. When a claim is found to be incorrect, payments for material services will be reversed.

Important! Always verify orders upon receipt by checking all lab lens enhancement codes.

VSP ELEMENTS PROGRAM®

For more information on [VSP Elements](#), refer to the **Plans and Coverages** section in the **VSP Manual**.

SUBMITTING CLAIMS/BILLING & REIMBURSEMENT

Submit claims just as you do for VSP Signature Plan claims. For additional information, refer to [Submitting Claims](#) in the VSP Manual.

Billing

- You may bill eye exams using S0620 (routine ophthalmological examination, including refraction, new patient) or S0621 (routine ophthalmological examination, including refraction, established patient). Be sure to complete a comprehensive exam when using these codes; VSP pays at the comprehensive level.
- If you choose to use 920XX codes to bill the eye exam, please remember to bill refraction (92015) separately for accurate reimbursement.
- WellVision® Exams should be billed with Z01.00, Z01.01 or Z13.5 or the appropriate [refractive diagnosis code](#); materials must be billed with the appropriate refractive disorder diagnosis code.
- Enter additional diagnosis codes if other medical conditions exist.

Note: When billing progressive lenses, bill your U&C fee on two lines—one for the base bifocal lenses and the second for the progressive add-on.

Reimbursement

Reimbursement is made according to the current **Advantage Network Fee Schedule**. View the **Advantage Network Fee Schedule** on **VSPOnline** by selecting **Administration** and **Practice/Doctor Updates** from the menu, then clicking the **View or Update Fees** link.

Note: Only Practice Administrators can view the Professional Fee Schedules. If you aren't able to access the fee schedule, contact Eyefinity at **877.448.0707**.

Secondary allowances are cumulative. The maximum secondary allowance available for exam, lenses, and frame services is \$144.

ADVANTAGE EXAM PLUS PLANS

Exam & Materials Coverage

EXAM COVERAGE

Covered comprehensive eye exams are generally available to your patient once every 12 or 24 months on a service year, fiscal year, or calendar year basis. Provide the level of exam necessary to determine your patient's eye health and visual status.

Advantage Exam Plus Plan and Advantage Exam Plus with Allowances Plan eye exam fees are made according to your Advantage Network Fee Schedule.

We'll pay exam services once per eligibility period. Don't balance bill for exams.

MATERIALS COVERAGE

Advantage Exam Plus and Advantage Exam Plus with Allowances patients are entitled to savings on glasses and contact lens services. Advantage Exam Plus with Allowances patients are eligible for additional materials benefits based on a client-determined schedule of allowances. Refer to [Exam Plus and Exam Plus with Allowances](#) in the **VSP Manual** for more information.

Lab

Lab work is handled privately. You may supply lenses through any lab, including in-office labs.

BLUE CROSS OF IDAHO

The following client details apply to Blue Cross of Idaho True Blue and Secure Blue Medicare Advantage plan patients only (does not include True Blue HMO SNP). Refer to [VSP Advantage Plan section](#) for complete coverage details not listed below.

Please note VSP currently covers the Blue Cross of Idaho Medicare Supplement plan members with under a Choice Exam Plus plan coverage. This will not change.

Materials Coverage

LENSES

Single vision, bifocal, trifocal, or lenticular lenses in plastic or glass are covered as well as standard progressive lenses, scratch coating and UV protection. You'll receive your Advantage Plan lens dispensing fee for covered lenses. If a patient chooses a covered lens enhancement, you'll receive the Advantage Plan covered service fee.

LAB

All orders must be sent to VSPOne™ Columbus. In-office finishing equipment may not be used.

Only in an emergency situation may a private lab be used. See [Using Non-Contract Labs](#) for more information. If a non-contract lab is used for an emergency situation, the non-Genesis frame allowance would apply.

COVERED FRAME

Frames from the Altair® Genesis collection is covered for patients and will be lab supplied though VSPOne™ Columbus. You'll receive a \$19 frame dispensing fee. In-office finishing equipment or stock lenses may not be used. Genesis frames are fully covered when a complete pair of prescription glasses (lenses and frame) is ordered. Genesis frame only orders would be a private transaction and the frame will not be covered by VSP.

You can also use Genesis frames to meet the needs of non-Blue Cross of Idaho patients. Order frames through Altair just as you do today. To inquire or request Genesis frames, contact Altair at **800.505.5557**.

OTHER FRAMES

A patient has the option of supplying their own frame or purchasing a non-Genesis frame from you. The non-Genesis retail frame allowance is \$50. We'll pay you up to 55% of the patient's retail frame allowance. When the frame exceeds the retail allowance, charge the patient 80% of the retail price exceeding the allowance. Regardless of the frame brand that's purchased, the benefit for lenses will still follow Advantage Plan pricing (see Lenses section above). In-office finishing equipment or stock lenses may not be used.

CONTACT LENSES

Patients may select contact lenses instead of glasses. Please refer to the Patient Record Report for details.

CALIFORNIA STATE UNIVERSITY (CSU) CLIENT DETAILS

Eligibility & Authorization

COMPUTER VISION CARE (CVC)

Only eligible California State University employees are covered for a Computer VisionCaret (CVC). Dependents aren't covered. CSU Retirees benefits exclude CVC coverage.

To receive a CVC benefit, employees must obtain a VSP Computer Visioncare Confirmation Form from their CSU campus benefits office and present the form to you at the time of service. Keep a copy of the VSP Computer Visioncare Confirmation Form signed by the patient in their file.

You'll be reimbursed according to the Advantage Plan Professional Fee Schedule for CVC materials dispensed and your Advantage Plan fees for CVC exams. Refer to the [CVC](#) section of the VSP Manual for additional information.

Lens Enhancements Chart

Effective July 1, 2018

Use this chart to determine what to charge patients and reconcile your VSP[®] Vision Care Explanation of Payment.

Copay

All lens enhancements are covered after a copay. Charge patients the listed copay or 80% of your usual and customary fee (U&C), whichever is lower. For lens enhancements without a copay listed, charge 80% of your U&C.

Charge Back

This is the amount charged to you for lab fees. You won't be charged for covered lens enhancements.

Service Fee

You'll receive the listed service fee. VSP will reimburse this fee for covered lens enhancements. For other enhancements, this will be included in the copay you collect from the patient.

VSP Choice Plan

Charge patients the listed patient copay or 80% of your U&C, whichever is lower. If no patient copay is listed, charge 80% of your U&C.

2. The Service Fee for progressives is paid in addition to your VSP Choice Plan bifocal lens dispensing fee.

Please note: For children, handicapped patients, or for patients under the Federal Plan, there is no Service Fee for covered polycarbonate lenses when dispensed.

3. To determine the lens enhancement price, subtract your U&C price of the standard lens enhancement, (i.e., KA progressive), from your U&C price of the premium material lens enhancement, (i.e., KP polarized).
