For options not listed, charge 80% of your U&C add-on fee. For non-covered options, the charge back amount will be deducted from your VSP payment. You will not be charged for covered options.

Frame Allowances and Overages

When the frame exceeds the retail allowance, charge the patient 80% of the retail price exceeding the allowance.

*Please note that how materials dispensing fees are calculated for the VSP Advantage Plan has changed. Previously, your practice was responsible for paying lab fees and your dispensing fees included materials fees. VSP will now pay the lab fees for VSP Advantage Plan patients on your behalf, and the materials fees will no longer be included with your dispensing fees.
